AI/ML ENGINEER

TECHNICAL SKILLS

- HTML
- CSS
- JS
- Data Structures and Algorithm
- PYTHON, NUMPY, PANDAS
- TOOLS=VS CODE, GIT, GITHUB

PROJECTS

Resume Analyzer Web Application

Oct 2025

- This project is a Resume Analyzer Web App developed using HTML, CSS, and JavaScript. It allows users to input or upload resume text and receive structured feedback along with a graphical representation of their resume quality score.

Cybernetic AR HUD – AI-Based Augmented Reality System

NOV 2025

This project implements a real-time Augmented Reality (AR) Heads-Up Display (HUD) using OpenCV and MediaPipe.

It tracks face, hand, and body pose landmarks, overlays interactive AR visuals, and responds to hand gestures with dynamic effects — creating a futuristic cyborg interface experience.

EDUCATION

SILIGURI INSTITUTE OF TECHNOLOGY

AUG-2024 - AUG 2028

- B.tech in CSE(AI/ML)

SCHOOL

- SECONDARY-SKP Vidya Niketan
- Higher Secondary-N.V.J.S

2020

2023
